

**Adam J. Gomez Sr.**  
**Director, Global Footprint Strategy**  
**Spirit AeroSystems**

Adam Gomez Sr. is director, Global Footprint Strategy for Spirit AeroSystems.

Prior to this role he served as director, Machine Fabrication. He was responsible for Spirit's simple to complex machining, Bluestreak, hard metal processing line, tube, weld and wire harness manufacturing.

Since 2005, Mr. Gomez has held multiple positions at Spirit, including, director of Strategic Initiatives, Global Quality Assurance for Wichita and Oklahoma locations, senior manager Supply Chain, Propulsion New Work Capture Team, and 737 Fuselage business unit.

Prior to working for Spirit, he was employed by the Boeing Company for 20 years. He held positions in Tooling, Human Resources, Fabrication and Program Management.

Mr. Gomez graduated Summa Cum Laude from Friends University in 1997 earning a master's degree in Business Management. He graduated Cum Laude from Kansas Newman University in 1994 earning a bachelor's degree in Business Management. He is also a two time graduate from Southeast Community College receiving his diploma in Machine Tools as well as an Associate's Degree in Manufacturing Engineering.

Mr. Gomez is also involved in community activities supporting local events. He is on the Board of Directors Kansas Hispanic Education and Development Foundation, the executive sponsor for Spirit of the Harvest supporting the Kansas Foodbank, supports Special Olympics and KANSEL.

Mr. Gomez and his wife April have two sons, one daughter and three grandchildren. He enjoys spending time with his family, golfing, hunting and other outdoor activities.
